

True Path Walkers

Obligations of the True Path Walkers

To bring back the natural harmony that humans once enjoyed.
To save the planet from present practices of destruction.
To find and re-employ real truth.
To promote true balance between both genders.
To share and be less materialistic.
To become rid of prejudice.
To learn to be related.

To be kind to animals and take no more than we need.
To play with one's children and love each equally and fairly.
To be brave and courageous, enough so,
to take a stand and make a commitment.
To understand what Generations Unborn really means.
To accept the Great Mystery
in order to end foolish argument over religion.
