

# ~ AKASHIC RECORDS WORKSHOP ~

***Tired of going to others for answers? Know your Personal Truth!***

## BENEFITS

This workshop is designed to inspire you so you can empower yourself.

Your Akashic Records are a dynamic reservoir of information. It is now your birthright to access this energetic database to gently assist with your personal transformation.

### Accessing Your Records

- Enhances your intuition
- Assists you to open your heart so you can know and clearly navigate your life path
- Gives you well-proven tools to access, forgive, release, and heal
- Enriches any modalities you already use

To access your Records, you are gently guided through a 7 step process of spoken words and silent energetics. You'll also have plenty of time for personal practice.

## WHAT PEOPLE SAY

*"I now realize my Records hold unlimited potential for growth and understanding. The clarity of the learning process was most helpful. The pacing was good, so I never felt rushed. The manual was also very helpful so I could listen more and write fewer notes."*

~ MR, Massage Therapist

*"Each exploration of my Records demonstrated yet another opportunity for me to let go of the outcome. There was never any pressure to 'get it right'. Just allow it to flow. How delicious!"*

~ SB, Hospice Nurse

*"Our private sessions prior to the workshop, the amazing two days we spent together, plus the extra bonus of 3 Group Calls at the end are worth far more than the dollars expended. Thank you for your care and able leadership in guiding us further on our spiritual journeys."*

~SL, ARCI Certified Akashic Consultant & Teacher
